

**Do you care for, or help support, a relative, friend or neighbour?
Have they been discharged from hospital
within the last 6 months?**

If yes, then we would like to hear about YOUR experience

Why are we asking for your feedback?

We have been asked by the NHS to independently gather your experiences - good or bad - as a carer. How you were supported and involved in how your loved one or friend left hospital, but also about the support you received during this time and beyond.

Providing us with your feedback will enable the NHS to identify what went well, where improvements are needed, and what support or information you need as a carer.

If you are willing to be interviewed about your recent caring experience, you will receive a Gift Voucher for your participation.

Healthwatch Central Bedfordshire (HWCB) has significant statutory powers to ensure that the voice of the consumer is strengthened and heard by those who commission, deliver and regulate health and care services.
